

# Sustainability Webinar: DRS

## 10:30-11:30am, Thursday 8th October

With all the Home Nations enacting legislation to introduce Deposit Return Schemes, this is bound to have an impact on the UK Vending Industry:

What will that impact be? What are the timings? What will be the costs? How can Vending Operators benefit from the DRS? Will there be a difference Country by Country? Will vending companies have to take back plastic and glass bottles, plus drinks cans? And reimburse consumers?

Find out more by joining our Webinar with industry experts to take us thorough the impacts and opportunities.

**Trystan Farnworth, Director of Sustainability, Britvic Soft Drinks**

**John MacDonald, Director Excel Vending Ltd**

Department  
for Environment  
Food & Rural Affairs

**Defra Representative**
